

A New Edition of  
*Sentient Intelligence*

by Xavier Zubiri

is now available from **The Xavier Zubiri Foundation of North America**. This seminal work, indisputably Zubiri's *magnum opus*, is presented in Thomas Fowler's definitive translation, one authorized by Zubiri himself before his death. Here the three volumes of the original Spanish edition, *Inteligencia y realidad*, *Inteligencia y logos*, and *Inteligencia y razón* are rendered together in clear English, with a complete integrated index covering all three parts. The book also features a comprehensive introduction and a detailed graphical reading guide to help the reader navigate this philosophical masterpiece. Available in a laminated perfect binding.
